

Paolo Campanella

FEAD

As the Secretary General of FEAD, Paolo brings a wealth of experience and dedication to the forefront of our organization. Being an environmental engineer with 10 years' of work experience in the environmental and waste sectors, he gained expertise in designing and managing waste treatment plants, and evaluating project proposals of waste treatment plants. Since January 2022, he has been an integral part of the FEAD team, as a Technical Officer, contributing to the advancement of our initiatives. With a profound understanding of FEAD's mission and a keen insight into the intricacies of our operations, he has proven his ability to unite FEAD's vision with practical implementation. Paolo graduated from the University of Padova with a bachelor's degree in environmental engineering, followed by a master's degree with a specialisation in soil protection in 2012. As of 2024, he is a co-chair of the BIP's Task Force 2.
